## DISTRICT ORGANIZATION AND POLICY

Public schools in Florida operate within the framework of the Florida School Laws, Chapters 1000-1013, Florida Statutes. Charlotte County Public Schools is a body corporate with the powers and duties specified in Florida Statues 1001.30.

The five School Board members are elected for four-year terms at the November general election from five district school board member residence areas, which are approximately equal in population. Each School Board member is charged with representing the entire district.

Responsibility for the administration and management of the schools and for the supervision of instruction in the district is vested in the Superintendent as the Secretary and Executive Officer of the School Board.

## BUDGET CALENDAR

The budget process and schedule for school districts is largely set by Florida State statute and regulations. The general schedule is as follows:

November-
January $\quad$ School Board Workshops and approves District Goals

| November | Estimated Full time equivalent student projections by <br> program submitted to the Florida Department of <br> Education. |
| :--- | :--- |
| January- | Schools and departments submit capital outlay <br> requests, additional personnel requests, and other <br> expenditure requests; Preliminary personnel <br> allocations made for schools and departments. |
| May | Superintendent reviews preliminary requests, <br> develops preliminary budget. |
| June | Florida Department of Education issues revenue <br> planning document based on legislative outcomes; |
| July | Superintendent makes necessary budget revisions. |
| August | School Board review and preparation of Tentative <br> Budget. Fiscal year starts; Board holds first public <br> hearing, sets maximum millage rates for year, adopts |
| September | Tentative Budget. |
| Revise Tentative Adopted Budget; revise |  |
| preliminary allocations. |  |

## School Budget Allocations

Personnel allocations are based on various staffing requirements (enrollment, program needs, etc.) within the framework of the district staffing formula.

Other expenditure allocations are based on student population and made to schools for all non-personnel costs of Instruction, Pupil Personnel, Media, and School Administration functions. Its distribution to the various functions is left to the schools discretion.

Copy cost allocation is an annual per student allocation to schools intended to help cover copy costs and is added directly to the schools other expenditure budget.

State and district categorical project allocations are restricted allocations that must be expended for specific purposes and are monitored on a project basis by the projects coordinator. Schools receive categorical allocations for textbooks (instructional materials) and Instructional Technology.

Operation of Plant - Allocations for various Operation of Plant expenditures (electricity, water, telephone, etc.) for each school/facility are determined and monitored at the central office level and are reviewed with Principals/directors on an as needed basis.

Custodial Supplies Allocations for each location are under the control of the site administrator. This allocation is based on a combination of facility population and square footage.

District Budget/Location Expense allocations - These allocations are made on a district wide basis but expensed out on an actual location basis; for example substitute teachers and custodial overtime.

District Budget/District Expense allocations -These are district level budget allocation that are district level expenditures not attributable to specific locations. For example, terminal leave pay and the Crossroads Wilderness Contract.

District Department Staff allocations - Departments are not given an allocation as are schools, but prepare conventional budget requests that are subject to the review of the Superintendent.

Debt Service Funds Appropriations
An allocation for each debt service fund is made in the amount required to pay the debt, interest and fees coming due during the budget year.

## Capital Projects Funds Appropriations

Capital project funds appropriations are generally categorized into three broad areas:

1) Major construction, remodeling, renovation, and site acquisition projects. These are generally projects with an estimated cost in excess of five hundred thousand dollars $(\$ 500,000)$ and are identified separately in the project list.
2) Other projects that are of an ongoing nature to the school district, such as floor covering replacement, minor remodeling and renovation, new and replacement equipment purchases, bus purchases, etc.. These projects and their respective allocations are also identified separately in the list of capital outlay projects.
3) Transfers to general fund for maintenance and equipment.

Special Revenue Fund Appropriations
Grant applications are approved by the school board prior to being submitted to the granting agency. Special revenue fund entitlement grant appropriations are reflected in the budget subject to approval by the respective funding agency.

Insurance/FEMA Special Revenue Fund-
Fund established to account for the uses of insurance and FEMA proceeds resulting from Hurricane Charley.

Food Service Fund Appropriations
The food service department prepares its budget based on the number of projected lunches to be served at each location.

Special Project Center Appropriations
The Special Project Center budget is based on the projected service requirements for each of the Districts within the consortium.

## Employees Benefits Program Appropriations

The Employees Benefits Program budget is based on the estimated cost of providing health insurance and other optional cafeteria plan coverage's.

The school district budget and parts thereof must balance. The proposed appropriations, plus transfers out and reserves cannot exceed the estimated revenues, transfers in, and balances on a fund by fund basis.

## ACCOUNTING/BUDGETARY SYSTEM

The District's accounting/budgetary system is organized on the basis of funds.
A Fund is a fiscal and accounting entity with a self-balancing set of accounts recording assets, liabilities, fund equity, revenues, expenses, and other financing sources and uses.

District Funds are as follows:

General Fund - Fund used to account for all financial resources except those required to be accounted for in another fund, commonly referred to as the Operating Fund.

Debt Service Funds - Fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Specific debt service funds are as follows:

1993 Refunding Bonds - Proceeds used to advance refund the 1988 General obligation bond issue. Funded by debt service Ad Valorem taxes.

State Board of Education Bonds - These bonds are issued by the State Board of Education on behalf of the District and are funded by the District's portion of the State motor vehicle license tax.

1980 Special Act Bonds- Funded by racetrack funds accruing annually to the District.

Qualified Zone Academy Bonds- Proceeds used to purchase technology for various schools. Funded by Capital Improvement Taxes.

Capital Projects Funds - Funds created to account for financial resources to be used for the acquisition, construction and equipping of facilities. Specific capital project funds are as follows:

Capital Improvement Tax Fund - Fund used to account
for capital projects funded through the Capital
Improvement Tax levy (commonly referred to as
CIT and/or 2 mill money).
PECO Fund - Fund used to account for capital projects
funded through the state Public Education and
Capital Outlay program (source: Gross receipts tax).

CO \& DS Fund - Fund used to account for capital projects funded through the District's allocation of the state Capital Outlay and Debt Service program (Source: motor vehicle License tax).

Qualified Zone Academy Bonds- Proceeds used to purchase technology for various schools.

Other Local Capital Funds- Proceeds from Sale of Surplus Land to be used to purchased various ancillary department equipment.

Special Revenue Fund

5000 Instruction. Instruction includes the activities dealing directly with the teaching of pupils, or the interaction between teacher and pupils. Teaching may be provided for pupils in a school classroom, in another location such as in a home or a hospital, and other learning situations such as those involving cocurricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence. Included here are the activities of aides or assistants of any type which assist in the instructional process.

6000 Instructional Support Services. Provides administrative, technical (such as guidance and health), and logistical support to facilitate and enhance instruction. Instructional Support Services exist as adjuncts for the fulfillment of the behavioral objectives of the instruction functions, rather than as entities within themselves. Although some supplies and operational costs are generated in instructional support, the major concern will be in the area of personnel.

6100 Pupil Personnel Services. Those activities which are designed to assess and improve the well-being of pupils and to supplement the teaching process. These activities include Attendance and Social Work, Guidance Services, Health Services, Psychological Services, and Other Pupil Personnel Services.

6200 Instructional Media Services. Consists of those activities concerned with the use of all teaching and learning resources, including hardware and content materials. Educational Media are defined as any devices, content materials, methods , or experiences used for teaching and learning purposes. These include printed and non-printed sensory materials.

6300 Instruction and Curriculum Development Services. Activities designed to aid teachers in developing the curriculum, preparing and utilizing special

General Administration (Superintendent's Office). Consists of those activities performed by the superintendent in general direction and management of all affairs of the school system. This includes all personnel and materials in the office of the Superintendent.

School Administration (Office of the Principal). Consists of those activities concerned with directing and managing the operation of a particular school. It includes the activities performed by the principal, assistant principal, and other assistants in general supervision of all operations of the school, evaluations of staff members of the school, assignment of duties to staff members, supervision and maintenance of the records of the school, and coordination of school instructional activities with instructional activities of the school system. Includes clerical staff for these activities.

Facilities Acquisition and Construction. Consists of those activities concerned with the acquisition of land and buildings, remodeling buildings, construction of buildings and additions, installation or extension of service systems, equipment, and improvements to sites.

Fiscal Services. Consists of those activities concerned with fiscal operation of the school system. This function includes budgeting, receiving and disbursing, financial accounting, payroll, inventory control, and internal auditing.

Food Services. Consists of those activities concerned with providing food to pupils and staff in a school or school system. This function includes the preparation and serving of regular and incidental meals, lunches or snacks in connection with school activities and the delivery of food.

7700 Central Services. Activities, other than general administration, which support each of the other instructional and supporting services programs. These activities include Information Services, Personnel, Data Processing Services, Purchasing, Warehousing, and Printing.

7800 PupilTransportation Services. Consists of those activities which have as their purpose the conveyance of pupils to and from school activities, either between home and school, school and school, or on trips for curricular or co-curricular activities.

7900 Operation of Plant. Consists of activities concerned with keeping the physical plant open and ready for use. Major components of this function are utilities, custodial costs, and insurance costs associated with school buildings. Including cleaning, disinfecting, heating, lighting, communications, power, moving furniture, caring for grounds, security and other such activities as are performed on a daily, weekly, monthly, or
seasonal basis. Operation of plant does not encompass repairs and replacements of facilities and equipment.

8100 Maintenance of Plant. Consists of activities that are concerned with keeping the grounds and buildings at an acceptable level of efficiency.

9100 Community Services. Community Services consist of those activities that are not related to providing education for pupils in a school system. These include services provided by the school system for the community as a whole or some segment of the community, such as community recreation programs, civic activities, public libraries, programs of custody and care of children, and community welfare activities.

9200 Debt Service. Expenditures for the retirement of debt and expenditures for interest on debt including interest on current loans.

9700 Transfer of Funds. These are budgeted transactions which withdraw money from one fund and place it in another fund, under control of the board.

Object means the articles purchased or the service obtained. There are eight major object categories:

100- Salaries, amounts paid to employees of the school system who are considered to be in positions of a permanent nature. This includes gross salary for personal services rendered while on the payroll of the district school board.

200- Employee Benefits, amounts paid by the school system in behalf of employees. These amounts are not included in gross salary. Such payments are fringe benefits and, while not paid directly to employees, are part of the cost of employing staff.

300- Purchased Services, amounts paid for personal services rendered by personnel who are not on the payroll of the district school board, and other services which the Board may purchase. While a product may or may not be the result from the transaction, the primary reason for the purchase is the service provided in order to obtain the desired result.

## Class Size Reduction Implementation Plan

To meet the requirement of the Class Size Amendment of the State Constitution the Charlotte County Public Schools developed the following plan. The plan provides for the phase in of class size reductions over seven years as permitted under the amendment and allows the District to meet annual benchmarks established by the State Legislature. The final objective is the maximum core curriculum class by 2010 for prekindergarten through grade 3 not exceed 18 students, grade 4 through grade 8 not exceed 22 students, and grade 9 through grade 12 not exceed 25 students. The State legislature provided the District $\$ 17,736,818$ class size reduction categorical funds for 2008-2009. Continued implementation of the plan is contingent on increased funds being appropriated annually by the State Legislature as required by the constitutional amendment.
